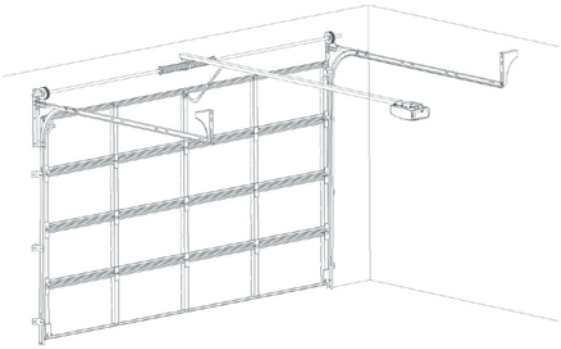
Door Types:
Residential
Sectional Doors

Door Size:
SD1000 Std Up to 150kg
SD1500 Pro Up to 250kg

Kit Components:

1 x Powerhead & Belt Rail, 2 x Handsets,
1 x Wall Switch

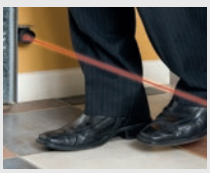
Typical Installation - Sectional Door



OPTIONAL ACCESSORIES

Photo Electric Beams

The Photo Electric Beam is designed to detect an obstruction while the door is closing and to send a signal to the opener to reverse or stop the door movement.



Keypad

The keypad can be programmed with multiple, unique user codes. It is perfect for family, trades people, or even just going for a walk.

Wi Fi

Control your door from anywhere in the world. Simply connect your wifi, download the app on your phone and you can check the status of your door.

E Lock

The electronic lock enables remote control and status monitoring. When the door is completely closed, the electronic lock automatically locks, ensuring the safety of the living environment.

Battery Backup

A battery backup provides an energy supply in the event of a power cut allowing you to still operate your garage door.

AFFORDABLE GARAGE DOORS

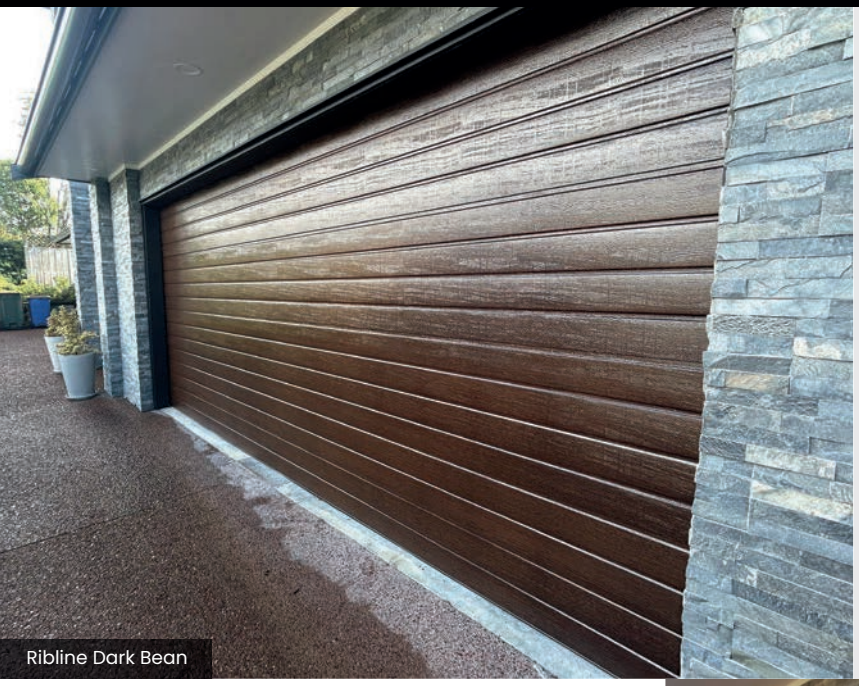
TIMBERTEC SECTIONAL GARAGE DOORS



Ribline Dark Bean

The Timbertec Steel Sectional Garage Door is a versatile and reliable choice for homeowners seeking a durable, secure, and stylish garage door solution.

Ideal for matching your garage door colour to your front door.

It really does look and feel like timber. Unlike real timber our timbertec garage doors wont warp, shrink, splinter or rot. Despite its durability, maintenance is minimal, allowing homeowners to spend less time on upkeep and more time enjoying their homes and outdoor pursuits. Its weather-resistant properties ensure it can withstand New Zealand's often unpredictable climate without compromising performance or appearance.
